Admin fees – the admin fees listed to the right of the pot winnings go to hosting, administration, and continuing the services. The host reserves the right to dictate admin fees and what to spend them on.

Admin reserves the right on when to run the pay-out schedule. If the funds are low admin may extend the pay-out date(s) beyond a month into quarterly or more.

If the payout is large and direct member reimbursements are being made the employee and or volunteer of the winning station may be forced to sign a contract preventing them from walking off the job for a set period of time (or until the emergency service backfills the position) before payment is made.
